**Generator's Self-Certification:**

The following assessment of non-hazardous waste is based on personal and generator knowledge of the waste constituents and the process that generated the waste. In addition, I have reviewed the waste characteristics in accordance with the California Code of Regulation, Title 22 and the appropriate sections of 40 Code of Federal or State statutes as hazardous waste. I am self-certifying this waste as non-hazardous for the purpose of disposal in the State of California. I have included with this generator self-certification a detailed description of the waste material and the generating process as well as all supporting documentation. I certify that the information contained in this generator self-certification and the Non-Hazardous Waste Profile Data Sheet is true, correct and accurate, this date as indicated by my signature.
